Delta: The change, variation or difference observed

Delta Baseball Club (and newly added Softball!) is a recently established and rapidly growing club serving the youth and families of Indianola, Warren County, and surrounding areas. Two years ago we started with one team and today we have NINE teams with over 100 players and more looking to join in this upcoming 2024 spring season!

Coaches, members and parents volunteer time and money with a dedication to keeping today's youth active in sports, sharing the passion of baseball and softball, and expanding access to serve more of the community we love and live in.

Expenses for families, players and coaches add up! Annual costs include equipment, uniforms, field rentals, tournament fees, and travel costs that unfortunately some struggle with. Travel can include gas, hotels, flights etc. Families with multiple children often feel a burden the most, which can lead to a reduction of sports from family budgets.

As organizers we often use funds of our own and donations from valuable sponsors (like YOU!) to provide financial aid. Dollars fronted by the club allow parents to pay dues via payment plans as an affordable way to allow ALL player demographics to participate regardless of socio-economic class. This is why we are asking for your help!

We need and depend on you – sponsors, as community partners, and donors – to help us raise money needed to make financing possible for families. **Please consider making a charitable donation of any amount!** Every donation is appreciated and with your tax-deductible contribution you are helping young players develop discipline, responsibility, citizenship, health and wellness through a fun and safe activity provided by our club, coaches, parents, and mentors.

YES, I want to support the players and be a donor or sponsor!
